

Microsoft Azure DevOps Administrator / .NET Developer (French Speaker)

Location: Luxembourg

Are you ready to take your career to the next level?

Do you thrive in environments that challenge and inspire you?

Would you like to grow within a team that values both excellence and enjoyment at work?

Taleo Consulting is an international management consulting group with offices in **France, Luxembourg, Belgium, The Netherlands, Switzerland, Spain, Singapore, Portugal, and Italy**. We've grown into a team of **450+ talented professionals** across **10 offices worldwide**, partnering with leading organizations in **Financial, Life Sciences, Retail, and Energy** - Sectors, to drive transformation and deliver lasting impact.

At Taleo, you'll find more than just a job. You'll join a community of ambitious consultants who share a passion for growth, innovation, and teamwork. Together, we create an environment where you can develop your skills, take on new challenges, and truly make a difference.

What Will You Do?

At Taleo Consulting, we believe that **our growth starts with our people**. When our consultants thrive, so do our clients.

Motivated, curious, and passionate professionals make a real impact, not only on their own careers but also on the success of the organizations they support.

We're looking for individuals who **embody our values** and help us foster strong, trust-based relationships with both our **clients** and our **teams across the globe**.

Our success is built on the **talent, collaboration, and commitment** of our people and we're now looking for a Microsoft Azure DevOps Administrator / .NET Developer

KEY RESPONSIBILITIES

- Administer, configure, and maintain the Microsoft Azure DevOps environment;
- Manage projects, source code repositories, access rights, and workspaces within Azure DevOps;
- Implement, maintain, and optimize continuous integration and continuous deployment pipelines;
- Contribute to the automation of development, testing, and deployment processes;
- Develop, maintain, and enhance applications using VB.NET and C#;
- Provide technical support to development teams;

- Ensure the application of best practices related to source code management, security, and software quality;
- Prepare and maintain technical documentation and operating procedures;
- Work closely with developers, project managers, and other IT teams.

How do we imagine our Microsoft Azure DevOps Administrator / .NET Developer?

- At least three years of professional experience in software development using VB.NET and/or C#;
- In-depth knowledge of Microsoft Visual Studio and Microsoft Azure DevOps;
- Experience in administering or managing an Azure DevOps platform;
- Good command of Microsoft Office tools;
- Good knowledge of YAML, particularly for pipeline configuration, is considered an advantage;
- Excellent written communication skills, particularly for preparing technical documentation;
- Strong team spirit and ability to collaborate effectively;
- Ability to work independently in an organized and reliable manner;
- Strong analytical, problem-solving, and communication skills.
- **French is Mandatory**

We attract top talent and empower them with the right environment to excel and drive collective success.

Why should you join us?

By joining Taleo, you'll become part of a **talented, international, and dynamic team**.

You'll benefit from **real career growth opportunities**, continuous learning, and the chance to build **long-lasting relationships** across borders and industries.

If you recognize yourself in this description and are ready to grow with a company that values ambition, collaboration, and excellence, let's connect.
